With *Made of Money*, you'll learn to facilitate hands-on sessions on:

- ▶ The building blocks of **good money management**: budgeting, savings, loans, interest and debt
- ▶ How to **communicate about money** issues, and how to teach children about money and value
- ▶ Increasing **confidence** and setting goals around finances

“

Fantastic concept, fantastic training, I have everything I need to run this.

The training and the materials are such high quality and the course is so useful that it more than pays for itself.

My boss and I went on the course and we were blown away by it. It was so well organised and beautifully thought out. Usually when we run a course we need to adapt it to meet our Ofsted requirements, but with Made of Money it was all there.

”

96%

of people supported by Made of Money in east London feel **more in control** of their finances.

87%

of people reached by trained Made of Money facilitators report saving or being better off each week

£50

the average savings people report each month

Duration: Made of Money training is held over two consecutive days. You'll be trained to facilitate Made of Money workshops for adults, family learning sessions and use the information in one-to-ones, all of which can be adapted to fit your existing practice.

Cost: The cost on our 'open' 2-day training is charged per person — £100 for community organisations with less than 5 employees, £225 for community organisations with 5 or more employees, or small housing associations, and £350 for statutory, public & private sector organisations or large housing associations

We also deliver 'in house' trainings. The cost of this, for up to 10 participants, is £1000 for organisations with under 25 employees, or £2000 for larger organisations.

You will also need a set of resources, costing £115. This give you everything you need to run Made of Money. These can be shared within the organisation or groups of organisations.
