

YOUR CHANCE TO ENSURE YOUNG PEOPLE HAVE THEIR SAY!

The newly established Partnership for Young People is recruiting a panel of young people to design new ways for young people to have their say on decisions about the services and activities on offer in Hammersmith & Fulham. Why not get involved?

WHAT IS THE PARTNERSHIP FOR YOUNG PEOPLE?

The Partnership for Young People is a group of young people, providers, funders and businesses committed to the future of young people in Hammersmith & Fulham. We are working together to ensure young people get the most from the services and activities on offer.

HOW CAN I HELP?

We need a panel of passionate young people who care about their borough and the young people within it! The panel will give their views and help get the views of others on what opportunities and support young people get and how they get it.

The panel will be supported to develop different ways of getting feedback from young people on what is important to them in Hammersmith and Fulham. Examples will include the use of social media, production of a short film and associated questionnaire and focus groups. Initially, we would need panel members to commit to three sessions; the first of which will take place on:

Tuesday 10 May

5pm-7pm

WHAT WILL YOU GET OUT OF IT?

This is a wonderful opportunity for you to:

- Work towards a recognised certificate of accreditation (ASDAN Youth Voice Award).
- Influence how young people in your borough are involved in decisions that affect them.
- Learn new skills, understand how decisions are made and build on your CV.

ELIGIBILITY

You should be aged 11–19 years (up to 25 for young people with disabilities), and live or go to school in Hammersmith & Fulham.

HOW DO I SIGN UP AND WHERE CAN I FIND OUT MORE?

If you are interested in joining this panel, please sign up for our first session on 10 May via Event Brite at the following link: <http://hfpartnershipforyoungpeople-youthvoicepanel1.eventbrite.co.uk>

● **If you are unable to commit to the panel at the moment, keep updated with the work and the Partnership for Young People by visiting:**
