

Notum Associates

Introduction

Notum Associates work with large FTSE 100 companies to engage suitable business candidates for appointment as Non-Executive Directors and Trustees in the Public and Third Sectors. The service is fully funded by the companies involved and is completely free for all Public and Third Sector boards.

Notum supports over 40 large companies who provide their senior executives and high potential talent as candidates for Trustee and Non-Executive roles. Over the last eight years we have had over 310 candidates appointed.

Testimonials

"I would like to thank you for the sensitive and helpful way you have worked with me to find two suitable non-executive directors for my Trust. I sought very specific private sector skills, but equally important was the fit of personality to my Board. Your recommended candidates have proved successful in competitive interviews and I have already recommended your services to other Chairmen."

Beatrice Fraenkel, Chairman, Mersey Care NHS Trust

"Notum provided the Great Western Hospital NHS FT with suitable geographically qualified candidates from the corporate sector with relevant experience and which complemented our own processes and led to a successful appointment."

Bruce Laurie, Chairman, Great Western Hospitals NHS Foundation Trust
