

Feedback on GP extended hours services 2018

Across England the NHS is looking to improve how patients can access their GP surgery including the use of technology, increasing the number of appointments available and making sure that those appointments are at more convenient times.

In North West London all patients now have access to GP appointments at the evening and weekends. Generally these extended hours appointments will be available from 6pm to 9pm Monday to Friday and 8am to 8pm over the weekend.

Your local NHS wants to hear your views on these extra appointments and listen to how we can make more improvements.

Please help us by completing this survey.

All responses will be anonymous unless you choose to provide your details at the end.

1. Before this survey, did you know that GP appointments are now available in the evenings and at weekends across NW London?

- Yes (*go to question 2*)
- No (*go to question 11*)
