

# Keeping you warm at home

## Do you feel the cold at home?

Bishop Creighton House can provide and install draught proofing and help you with energy saving to make your home warmer - and save a little on energy bills.

This service is available to all H&F residents. The cost to draught proof a door is £5-£15 and £5 for each window. A 50% discount is given to those receiving benefits.

All our staff are fully trained and DBS checked.
