

cantabella

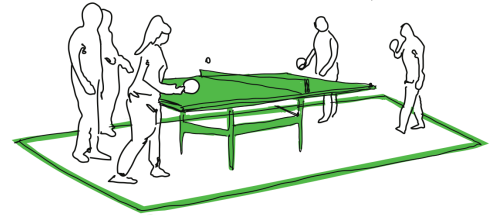

spaces for communities

Alicia Cantabella is a local architect focusing in working with communities to enhance their environment in the following fields:

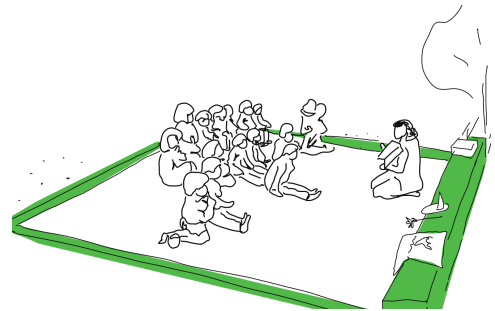

IMPROVEMENT of the neighbourhood
pedestrian friendly spaces
increase use of the street

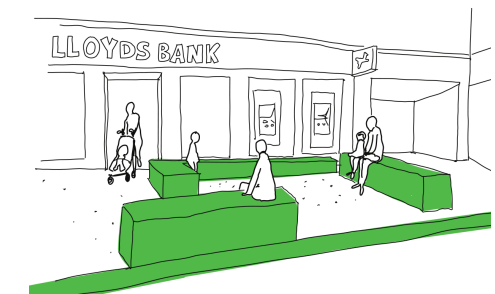

PREMISES advice
step-free access
ideas for new or better uses

PLAY AREAS design and enhancement
playgrounds
sport grounds
patios & gardens

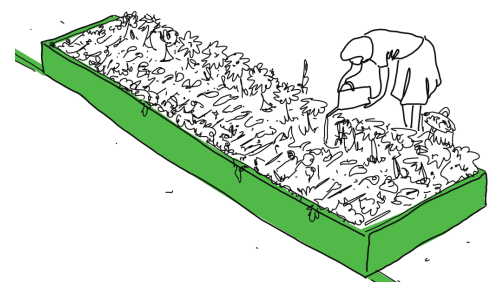

WORKSHOPS in participative design for
different groups
elderly people
children
young people

IDENTIFYING areas that could be
improved and potential spaces to imple-
ment new uses
rooftop events
parking spaces sitting areas

ENGAGING the groups in the design and
construction of new spaces
collective design
participatory design
auto construction

Anything that could make community life
a bit better!
