

Keeping you safe & secure at home

Did you know that last year 955 homes in Hammersmith and Fulham were burgled?

Bishop Creighton House can carry out free home security, home safety and fire safety checks in your home. If any additional security equipment is needed we can supply and fit this for a fee of £10 (free to those receiving a means tested benefit).

This service is for people aged 65 or over, those with a disability and victims of hate crime, burglary and domestic violence who live in H&F.

All our staff are fully trained and DBS checked.
