What our users think of WAND UK

"Amazing people I met today, great stories to have an understanding of what goes on. Thank you for this training. This was really needed "

"I think the training was great. It was nice to interact with other people. They provided light refreshments which was nice and made me feel welcome. The staff were very friendly and made us all feel welcome despite we didn't all know each other. The course itself was great I managed to get a 95% pass which was good and I am also very grateful that WAND can provide these courses

The training that WAND provides is great . It helps me build my professional development. I can also use it for my day to day living to keep me and my children safe. This course was a big hit! Thank you for the opportunity Wand UK."

Dear All, welcome back after what we hope was a gentle and rewarding Christmas holiday.

Let's embrace 2019 with open arms and start it with a firm commitment and enthusiasm!

Together we look forward to more successes and new accomplishments to make.

WAND UK continues to support vulnerable women and to address the problems facing them through outreach services and regular networking events.

In this regard WAND organizes various activities to bring women together and ensure that they are not isolated and can participate in the community to make their voices heard:

- **Bring and share:** The event was a success! Another opportunity to bring our women together and to have a lot of fun. The variety of ethnic food was really fabulous.

- **North Kensington Health Recovery Project:** WAND UK in collaboration with West London Clinical Commissioning Group held a focus group discussion on key health issues identified through research and Community engagement in order to endorse their validity by residents.

Pamela (Pam)

Pam is the leader and the bridge -builder between the Kensington Palace and WAND UK. She does outreach whenever the organisation needs.

Pam is a committed person, she always develops initiatives that meet the needs of the local community. She has a heart for those who are vulnerable or in need . She always comes with bright ideas and she enjoys working as part of a team and she just helped us secure funding and a partnership with Turning Point

ZAKIA

"I am very fortunate to have been a regular volunteer in WAND UK I thoroughly enjoy every minute of working with the organisation. I had the opportunity to work in various fields which gave me the experience in different subjects. I got the benefit of joining different programmes, workshops and training which developed a lot my skills. Recently I was nominated to attend the Kensington Palace, a community Engagement Training and I learnt how to deal with the palace, how to deal with guests and how to organize visits. It was really nice. Thank you WAND UK"

What is Emotional Wellbeing Support?

The Emotional Wellbeing Support delivers a service where trained staff and volunteers provide emotional support and practical help to clients who are experiencing a difficult time.

This is a **FREE** and confidential service. The information you tell your emotional support worker will not leave the organisation except in an emergency situation if someone was in danger.

Emotional Wellbeing workers usually see clients for up to 4 sessions but this is flexible according to the client's needs and situation.

How we can help

We will listen carefully to you, understand your difficulties and help you to see things more clearly. Do you feel you want to talk openly to someone outside of your family and friends?

We do not judge we assist in exploring a range of different options or coping strategies.

Who can take advantage of this service?

We can help if you can't cope with feelings such as anger, sadness, grief, anxiety and depression. If you are feeling isolated, with no family or friend support. Low self-esteem, confidence or relationship problems. Self harm, trauma, bereavement and other issues that may be troubling you.

Benefits of Emotional Wellbeing Support

Emotional Wellbeing workers are here to provide you with information, emotional support, refer you to other services. However they cannot give you advice or tell you what to do.

About the Sessions

Service provides 4
Weekly sessions
lasting 1 hour each.

Our Art Therapy Course

What is Art Therapy? and why use art?

A combination of art and talking psychotherapy.

Just a willingness to explore yourself with the aid of the art therapist in a creative way. Clients do not need to have any previous experience or expertise.

Art allows images to be created that hold complex, multiple meanings. Through the use of the art, a chance is provided to observe what you have created, which can be thought about in the art therapy session. This may help relieve difficult or painful feelings and can help increase general wellbeing.

Who is it for?

- * For managers and staff under pressure
- * For people who are generally stressed and overworked
- * Children in schools, young people, adults and the elderly. People with Autistic spectrum disorders. Refugees or seeking asylum.....
