With **MADE OF MONEY** you'll learn to facilitate hands-on sessions on:

- ▶ The building blocks of **good money management**: budgeting, savings, loans, interest and debt
- ▶ How to **communicate about money** issues, and how to teach children about money and its value
- ▶ Increasing **confidence** and setting goals around finances

“

Fantastic concept, fantastic training, I have everything I need to run this.

The training and materials are of such high quality, and the course is so useful that it more than pays for itself.

My boss and I went on the course and we were blown away by it. It was so well organised and beautifully thought out. Usually when we run a course we need to adapt it to meet our Ofsted requirements, but with Made of Money it was all there.

96%

of people supported by Made of Money in East London feel **more in control** of their finances

87%

of people reached by trained Made of Money facilitators report saving or being better off each week

92%

of facilitator training attendees said the training was excellent or very good value for money.

„ £50

the average savings people report each month
