We are an active and vibrant people, striving to inspire, support, engage and empower the disadvantaged and excluded to achieve career success in the food industry so that they can thrive now and into the futures. We have existing great range of opportunities and innovative initiatives underneath both FACETCharity & FACET LBG. We have set ourselves a bold strategic direction, which has taken us back to the vital purposes of social justice and opportunities for all.

We are looking for Trustees who can help us achieve our vision: driving relevance, quality and sustainability. Specifically the skills and experience ideally sought are listed above. We operate in a number of challenging environments and we are looking to develop marketable and patentable food products and learning materials to enhance the student experience and support the charity. Commercial income is designed as an important element of our funding mix.
