

# Steps to Recovery

Delivered by:

OSTRO  
FAYRE SHARE FOUNDATION

## A London-wide Peer Networks social enterprise support programme

The Peer Networks Programme is a fully-funded opportunity for London-based social enterprises. We aim to develop your social enterprise and equip you with new skills, and, crucially, connect you to others in a peer support network.

Join a small cohort and receive facilitated peer support at **NO COST**. Unlock and benefit from the collective thinking power. And exchange experiences with social enterprises who are facing similar challenges: each social enterprise will have the chance to present an opportunity or challenge and

explore solutions with peers and the facilitator, whilst also collaboratively commenting on the challenges for others.

The Spring 2022 programme is delivered by *Ostro Fayre Share Foundation* in partnership with *Civil Society Consulting* – as part of a wider programme which was piloted last year, in partnership with the Greater London Authority and the Department of Business, Energy and Industrial Strategy. The Peer Networks programme is not formal management or skills training, but personal development-focused.

### Get involved:

We are running a number of cohorts with 11 entrepreneurs/businesses in each cohort. Each cohort will be run by an experienced facilitator who will chair the sessions and follow up with 1-2-1 mentoring.

We invite you to join the upcoming cohort. Details below.

If you'd like to access the support, please provide us with some details by completing this quick registration form and telling us more about your social enterprise: <https://bit.ly/3L9pabq>

### Format:

- **Professional facilitators:** Each session is supported by an experienced facilitator to ensure consistency, efficiency and effectiveness.
- **Small cohorts:** Small cohorts of up to 11 fellow social enterprise/business leaders will work together on important challenges and topics and develop tangible solutions in a collaborative, non-competitive environment. The programme will allow businesses/entrepreneurs to meet and build strong long-term relationships within your cohort.
- **One to one support:** You will also have access to one-to-one support matched to your specific needs, building on your learning experience.

### Save the dates:

Wednesday 23 Feb 2022	Full day <b>in-person</b> session: Introduction to Peer Networks, Icebreaker, Framework of the Programme, Income generation and diversification
Wednesday 2 Mar 2022	4-hour <b>online</b> session: Impact reporting, monitoring, and evaluating
Wednesday 16 Mar 2022	Full day <b>in-person</b> session: Brand design, marketing, and advertising strategy

### This programme is aimed at organisations who:

- Have been operating for upwards of one year or more
- Have a turnover of, or approaching, £100,000 or more
- Have a minimum of 2-5 directors, employees, freelance staff
- Are registered in London
