# VULNERABLE SUPPORT CHAMPIONS

MOPAC 2023 - 2024

- **38% of the people we supported to leave the Extreme Right-Wing over the last 3 years identified themselves as autistic.**
- **This training seeks to educate support workers who engage with vulnerable individuals (not only autism but also homelessness).**

## PROJECT

This project will up skill training attendees to be able to explain how extremists actively seek to recruit people from their community and develop a localised support network so no matter where anyone lives in London, they can reach out to local support, from people within this community.
