

# Are you a Voluntary Community Sector organisation?

## We're offering FREE training!

Hammersmith & Fulham Council is pleased to offer a new series of free training sessions for the voluntary and community sector (VCS), developed in response to priorities raised through the Cost-of-Living Alliance.

These workshops aim to address key gaps, strengthen sector-wide support, and are open to both staff and volunteers.

We'd love for your organisation to take part and share this opportunity with others in your network who may benefit!

**We're launching our Autumn training package.**
