

# Help improve health research for people living with Multiple Sclerosis

**NIHR** | National Institute for Health and Care Research

Patient Engagement in Clinical Development (PECD) Service

Are you a patient or carer of someone with Multiple Sclerosis? We need your help to share your thoughts on a new study designed to test a potential new treatment for Multiple Sclerosis.

## 1 Who we need

We are looking for **4 to 8 patients or carers** who:

- Live in the UK and are 18+.
- Lived experience, as a patient or carer, of multiple sclerosis
- Can use a computer/tablet to read Word docs.

## 2 What you will do

You will review draft documents for a new research study.

- Read info sheets written for patients.
- Check if language is clear & sensitive.
- Help make the study better for patients.

## 3 Time involved

- It will take **2 hours** of your time.
- You can do this from home.
- You have **10 days** to send feedback.

## 4 Payment

We value your time and expertise.

You will receive a payment of **£55**
